Performances presented by ethnic and cultural dance groups. Native American dancers performed cultural earth dance just before the Ribbon Cutting.

Children were having fun enjoying the show presented by Radio Disney. Sounds of the event echoed through the acres of land, trees stood silently witnessing the beautiful ceremony while many gathered to get something to eat at our food stall, while some dignitaries shared their thoughts for the global center .The site was attended by many people and were quite excited to know more about the global center.

The global center will be a place where you can activate your inner unlimited compassion, loving kindness, develop tranquility and peace through the knowledge of cultures of the globe.

Through the ground break Ceremony for the global center, we aim to achieve stability, global publicity to bring the awareness of the goals and the mission of Helping Hands Inc. and solidarity support from the communities.

Global Center will be constructed on 1200 acres less than 30 minutes from Dallas Texas metro-plex area. This peaceful setting will promote peer teaching and natural healing. The education and learning practice from each culture will be combined to help all children in all nations through the International Global Chapters. We are pleased to receive the endorsement from the Honorable Governor State of Texas. Mr. Rick Perry and we are very thankful for his support. The Global Center will create over one thousand jobs giving our communities an opportunity to work with many cultures.

Helping Hands Inc. will establish a helpful communal change in the city of Caddo Mills, TX and the rest of the world.

The hard work of many made the project to continue move forward and to bring this project to fruition, also boosted the morale confidence and trust of the many volunteers.

The objective of the Global Center is to provide a recreational and educational learning environment to raise awareness by:

- Undertaking activities such as teaching an understanding of all cultures including instruction on global history, diversity, traditions and trade that relate to over 200 nations, building bridges among the youth.
- Offering awareness and education on the major healing traditions of the world.
- Teaching sustainable organic gardening which will nurture children; bring harmony to their minds and body and promote global friendliness and compassion.

Encouraging learning from one another which creates a peaceful environment for our global communities.

It is through this integrative approach and intensive work of our supporters, we shall achieve our goals of eradication of hunger, healthcare, universal education; ensure environment sustainability, global development and the wellbeing of all children. Our philanthropic approach shall render a bright future for all and support from our investors shall insure the potential of our most worthwhile investment, **'our children'**.

As a global nonprofit, Helping Hands Inc. has invested hard work, time, and sincere efforts of hundreds of volunteers globally and locally. The enthusiasm of our team along with your support and use of the donations for the process of Helping Hands Inc.'s humanitarian projects around the globe, and building of the global center in Caddo Mill, TX shall fulfill our dream for a better tomorrow for all children around the world resulting in tolerance, peace and harmony.

Our hard work, outreach and research has helped the organization to secure 1,200 acres of land in Caddo Mill TX in order to build our Global Center. Also, our genuine efforts and generosity of the supporters have helped us in securing smaller plots of land in many parts of the world to continue building centers for betterment of hundreds of young lives.
