IMPLEMENTED WITH FOUR DIVINE ABODES LIFE-ENHANCING PRINCIPLES

- Unlimited compassion
- Unlimited loving kindness
- Sympathetic joy
- Equanimity

It is said that: These four states of mind provide in fact the answer to all situations arising from social contact. They are the great removers of tension, the great peacemakers in social conflict, the great healers of wounds suffered in the struggle of existence, levelers of social barriers, builders of harmonious communities, awakeners of slumbering magnanimity long forgotten, revivers of joy long abandoned, promoters of human brotherhood against the forces of egotism.

STRUCTURED ON THE FOLLOWING LAWS OF NATURE

- The law of impermanence
- The law of unsatisfactoriness
- The law of non-substance

Dear Kaushalya A. Siriwardana:

Effective August 11, 2003, Helping Hands, Inc. is exempt from Texas **franchise tax and sales and use tax** as a 501(c)(3) organization. The exemption does not extend to hotel occupancy tax.

We have assigned Texas taxpayer number 13002080987 to the organization. Please reference this number in correspondence with us. The assignment of the taxpayer number does not mean the organization is permitted to collect or remit Texas taxes. Exempt organizations must collect taxes on most of their sales. Please give our Tax Assistance section a call at 1-800-252-5555 if you need a sales tax permit.

The sales tax exemption extends to goods and services purchased for use by your organization. The exemption does not apply if the purchase is for the personal benefit of an individual or private party, or is not related to the organization's exempt purpose. For more information, please see our publication # 96-122, *Exempt Organizations - Sales and Purchases*.

The enclosed exemption certificate can be issued instead of paying tax when buying taxable items related to the exempt purpose of the organization. Make as many copies of the exemption certificate as you need. The exemption certificate does not need a taxpayer number to be valid, but you may provide your taxpayer number if the seller requests it.

Changes to the organization's registered agent and registered office address must be filed with the Texas Secretary of State. The changes can be made online at <http://www.sos.state.tx.us/corp/sosda/index.shtml> or you can download the forms and instructions from <http://www.sos.state.tx.us/corp/nonprofit.shtml>. You can also contact them at corpinfo@sos.state.tx.us or by calling (512) 463-5582. It is important to maintain current registered agent information, because this is how we will contact you if we have reason to believe that your organization no longer qualifies for exemption.

Our goal is to provide you with prompt, professional service. Please take a moment to complete the enclosed survey. If it is more convenient, you may complete our on-line survey at <http://aictcp.cpa.state.tx.us/surveys/tpsurv/>.

If you have any questions, write to us at exempt.orgs@cpa.state.tx.us, or call us toll-free at 1-800-531-5441, extension 3-4689. Also, our publications and other helpful information are online at <http://www.window.state.tx.us/taxinfo/exempt>.

Our organization is strengthened by the diversity of its people. Educators, professors, healthcare professionals, researchers, engineers, environmental specialists, agricultural experts, architects, planners, artists, musicians, business professionals, skilled tradespeople, and volunteers from many nations contribute to our humanitarian initiatives — providing a broad exchange of knowledge, cultures, and practical solutions that benefit the communities we serve.

Within our educational initiatives, students learn from teachers, lecturers, professors, researchers, and specialists representing different countries, cultures, and disciplines. This international learning environment encourages knowledge sharing, cultural understanding, innovation, and mutual respect.

Professionals and volunteers uniting to build sustainable communities worldwide.

PRESERVING KNOWLEDGE, CULTURE & HERITAGE

Helping Hands Inc. recognizes that one of humanity's greatest resources is the knowledge, wisdom, traditions, and cultural heritage passed from generation to generation. We support initiatives that encourage the preservation, documentation, and responsible sharing of this knowledge for the benefit of present and future generations.

Through our Gurukula education centres and sustainable community developments, we encourage the study and preservation of cultures, history, languages, traditional knowledge, and the diverse heritage of communities around the world. We also support research in plant-based knowledge, sustainable agriculture, environmental stewardship, and responsible living practices.

A SHARED LEGACY OF KNOWLEDGE

We value the experience and wisdom of elders from every culture and community, providing opportunities for respected elders, educators, community leaders, artisans, historians, and agricultural practitioners to share their lifetime of experience with younger generations. This exchange helps preserve traditions, practical skills, cultural identity, ethical values, and community heritage that might otherwise be lost over time.

BUILDING A PEACEFUL & SUSTAINABLE FUTURE

Helping Hands Inc. believes that lasting peace begins with education, understanding, respect, and responsible action. Through our sustainable community centres, we encourage future generations to live in harmony with one another, respect cultural diversity, protect the natural environment, and contribute positively to their communities.

Our programmes encourage children and young adults to develop qualities of kindness, compassion, mutual respect, responsibility, patience, and peaceful coexistence. By learning together with people from different nations, cultures, and traditions, participants gain a greater appreciation of humanity while recognizing that diversity is one of the world's greatest strengths.

Every Helping Hands Inc. sustainable centre is planned to become a self-sustaining community. Through environmentally responsible agriculture, community enterprises, educational programmes, and eco-friendly initiatives appropriate to each region, every centre is designed to generate long-term support for its own operations while continuing to provide lasting benefits to surrounding communities.

OUR GLOBAL VISION

Helping Hands Inc. envisions a world where global citizens recognize one another as members of one human family while honoring the unique identity of every nation, community, and culture.

We are a non-profit, non-religious, and non-political humanitarian organization committed to sustainable community development, environmental stewardship, and humanitarian service. As a plant-based organization, every Helping Hands Inc. sustainable community centre promotes environmentally responsible living, respect for all living beings, and the principle of non-harm.

We believe lasting global peace is built through greater understanding. When people take time to learn about one another's history, culture, language, traditions, and values, they naturally develop patience, mutual respect, and appreciation for the diversity that enriches our world.

Our vision is a future where global citizens live as one human family — respecting one another's differences, protecting our planet, valuing all living beings, preserving cultural heritage, and working together to create peaceful, sustainable communities for generations to come.
